

BENJAMIN OBAJE

JUNIOR DATABASE SPECIALIST

CONTACT

- +64 0492987535
- obajews@hotmail.com
- https://benobaj.github.io/Bens_Portfolio/
- 12 Depper st, st lucia, Brisbane

SKILLS

Database Management Systems (DBMS)

- MySQL, PostgreSQL, Microsoft SQL Server

Programming Languages

- SQL, Python, Vba, Javascript

Data Analysis and Visualisation Tools

- Tableau and PowerBI
- Advanced Excel skills: PivotTables, VLOOKUP, macros, and data functions.
- Cloud Platforms

Data Modeling and Architecture:

- Data modeling principles and experience in designing database schemas.
- Data warehousing concepts and ETL (Extract, Transform, Load) processes.

Soft Skills:

- Strong problem-solving abilities.
- Effective communication skills for liaising between technical and non-technical stakeholders.
- Team collaboration and project management skills.

EDUCATION

Graduate Dip. Business Studies

Completed in 2023
Massey University, Auckland

Data Analytics

Completed in 2020
NUS Business School, Singapore

Bachelors - Biomedical Science

Completed in 2019
La trobe university, Australia,

Diploma - Biomedical Engineering

Completed in 2016
Ngee Ann Polytechnic, Singapore

PROFILE

Enthusiastic and detail-oriented Junior Database Administrator with a solid foundation in database design, data architecture, and analytics. Skilled in managing, interpreting, and optimizing complex data streams using SQL, Python, Tableau, PowerBI, and Excel. Demonstrated expertise in developing efficient data models, enhancing data flow processes, and extracting actionable insights to support strategic decision-making. Eager to apply my knowledge and skills in a dynamic environment, contributing to effective database management and data-driven solutions that drive business success

WORK EXPERIENCE

Fasthorse Temu | Brisbane, Australia

Logistics Data Coordinator

2023-Current

- Accurately input delivery orders into our proprietary Delivery Database, data validation checks to ensure data integrity and consistency.
- Optimize the Delivery Database for faster query response times.
- Implement data indexing strategies to enhance delivery route planning.
- Troubleshoot and resolve data-related issues to minimize delivery disruptions.
- Identify opportunities for process improvement based on database insights.
- Work closely with our delivery drivers and logistics team to provide real-time support using data insights.
- Collaborate with IT professionals to enhance the functionality and usability of the Delivery Database.

CREDOLABS X DBS|Database Analyst Intern, Singapore

2021-2021

- Data Collection and Cleaning large datasets, ensuring data accuracy and integrity by removing duplicates, outliers, and missing values.
- Defined key data sources and data points to track against performance indicators.
- Contributed to the development and implementation of data policies within the company, ensuring compliance with industry standards and enhancing data governance practices.
- Spearheaded data migration projects, ensuring seamless transition and integration of critical data across systems. Played a pivotal role in maintaining data integrity and consistency during the migration process.

A*STAR Laboratory X NSG BIO |Singapore

Clinical Laboratory Officer

2020-2021

- Performing high complexity Analytical testing for molecular diagnostic techniques, including nucleic acid extraction and PCR

FREELANCE

Maximo New zealand Auckland

2023

Worked in partnership with stakeholders on data profiling, cleansing, migration, and transformation, ensuring data integrity and quality.

TankJuice, New Zealand, Auckland

2022

Led the design and implementation of data management solutions for Store Management Software, enhancing system efficiency and user experience.

BENJAMIN OBAJE

DATABASE SPECIALIST

TO WHOM IT MAY CONCERN,

My unique journey from the world of biomedical science to the realm of database administration, coupled with my unwavering commitment to pursuing a Master's in Data Analytics in Australia, has equipped me with a diverse skill set and a profound eagerness to contribute to your Company in a meaningful way.

My academic background in biomedical science provided me with a solid foundation in analytical thinking and complex problem-solving. While I found my studies in this field intellectually stimulating, I discovered a fervent passion for data during my tenure at A*STAR Singapore. It was there that I first delved into the intricacies of database management and data analytics, finding a natural affinity for transforming raw data into actionable insights. This experience was a pivotal moment, redirecting my career path toward database administration.

I immersed myself in learning SQL, Python, and various data visualization tools like Tableau and PowerBI. My role in data migration projects and bridging the communication gap between coders and stakeholders at DBS Singapore was not just a job; it was a mission to master the art of data management. I learned to navigate large datasets with precision, ensuring data integrity and contributing to the development of robust data policies.

As I plan to pursue my Master's in Data Analytics in Australia, my commitment to my professional development remains unwavering. This academic pursuit is not a detour but a strategic step to augment my skills and bring an even richer perspective to my work. I am driven by a hunger to reach heights in my career that are not just about personal achievement but about making a tangible impact on the organizations I serve.

Joining your Company represents an exciting opportunity to apply my unique blend of skills in a dynamic and innovative environment and I am enthusiastic about the prospect of contributing to your team. I am confident that my proactive approach and relentless pursuit of excellence will make me a valuable asset to your Company.

Thank you for considering my application. I look forward to the opportunity to discuss how my background, skills, and ambitions align with your goals. I am eager to bring my passion for data and my commitment to excellence to your esteemed team.

SINCERELY,

BENJAMIN OBAJE
